

# PBIS

Positive Behavioral  
Interventions and Supports

# What is PBIS?

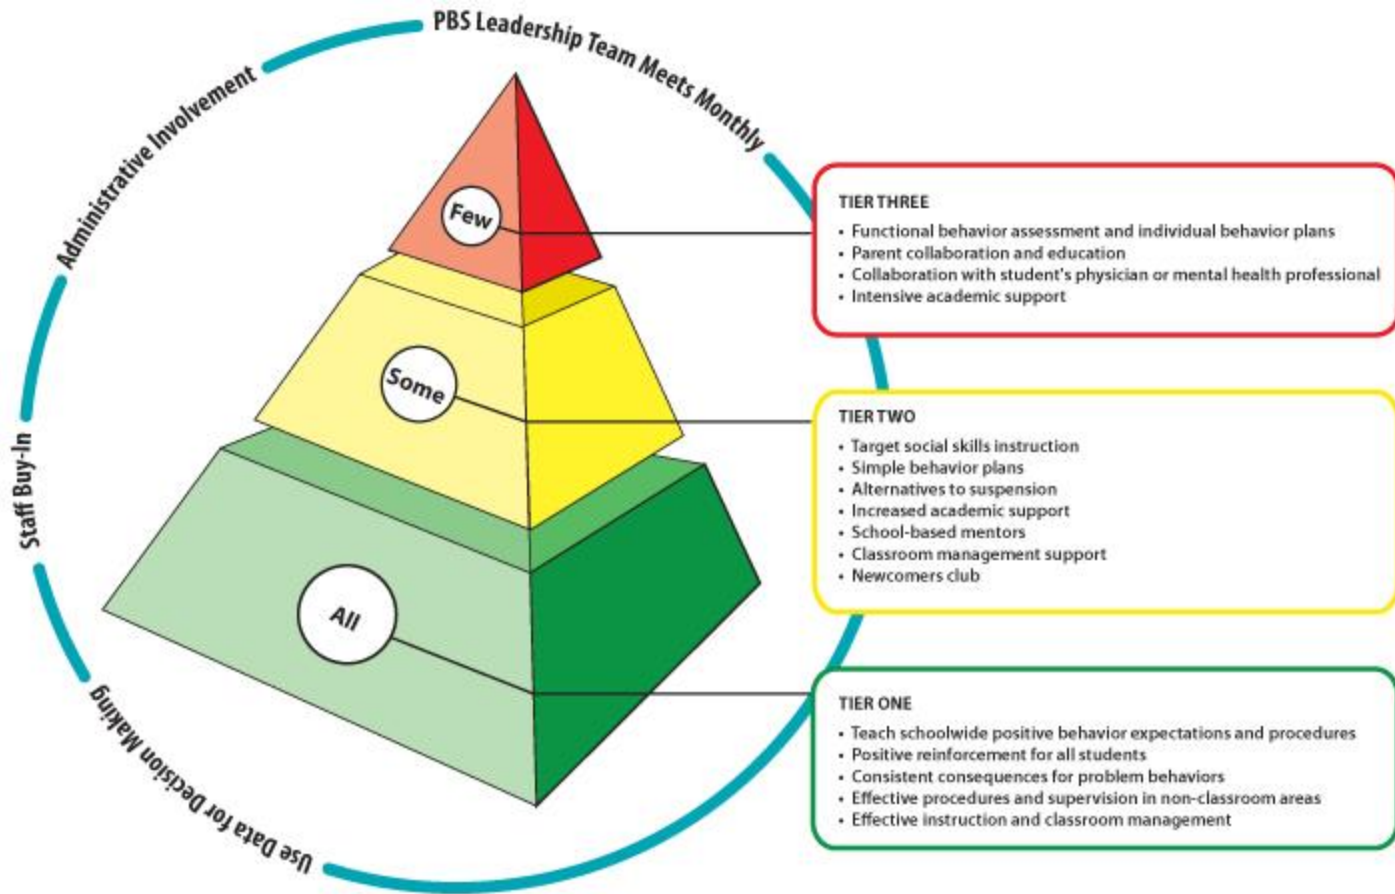

A school-wide approach to teach and monitor student behavior through:

- explicit instruction
- recognition of achievement
- intervention when necessary

It includes opportunities to analyze data, correct and improve behavior outcomes, and practice strategies.

# The 3 Major Components of PBIS

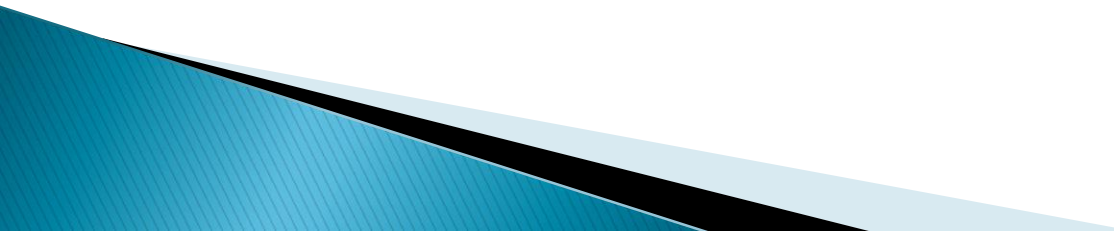

- ✓ **Teaching** appropriate behavior in all settings.
- ✓ **Interventions** when behavior expectations are not met.
- ✓ **Recognition** when behaviors are met.

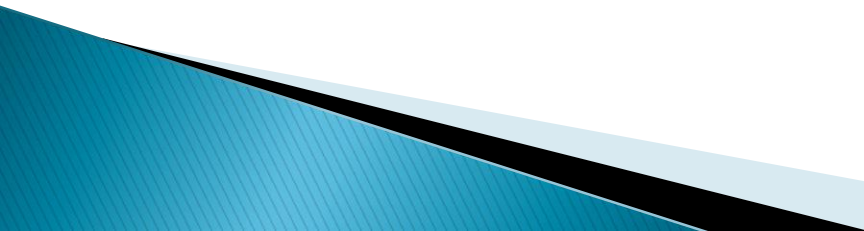

# Adages to Remember when using PBIS

- ▶ An ounce of prevention is worth a pound of cure
    - Front-loading the school year can help us avoid behavior problems later
  - ▶ To assume makes ...
    - Do not assume students know what we expect of them; we need to be explicit
  - ▶ Out of sight, out of mind
    - Without reinforcement, students will forget what is expected of them
  - ▶ Practice makes perfect
    - Self-explanatory
- 

# Goals of PBIS

- Organizing current practices as a system to foster consistency and better outcomes
  - Decreased classroom disruptions and office discipline referrals
  - Increased academic achievement and performance
  - Improved school climate and safety
- 

# Team Updates

- ▶ PBIS Team members participate in 3 years of training, including on-site visits for support around implementation
  - ▶ We are developing a unified data collecting system to objectively make decisions that positively affect behavior
  - ▶ Right now, we are focused on identifying tier one practices while strengthening and systematizing them—making them part of our everyday school culture
- 

# Behavior Expectation Matrix

At all times I will...

- Use appropriate language/volume
- Keep my hands and feet to myself
