Dear Families and Community Members,

All of us in the Revere Public Schools are sending our thoughts and prayers to the students and staff at the Marjory Stoneman Douglas High School and their families.

We want you to know that student safety in our schools is of paramount importance to us. We work annually with the Revere Police and Fire Departments to develop comprehensive School Safety and emergency plans. Our three departments also conduct multiple emergency drills in our schools each year. These drills vary in scope and focus each time so we are all practicing appropriate responses for a wide variety of scenarios.

At our school Committee Meeting on February 27<sup>th</sup>, the Fire, Police and School departments will be sharing a joint presentation with more detail on our safety plans. You are welcome to join us at 6:00pm in the Ferrante School Committee Room or tune in on Comcast Cable channel 22.

For assistance in talking to your children about the events in Florida, you may choose to look at the following website put together by the American Psychological Association:
