Last week, the Beachmont community celebrated Read Across America Week. This week is dedicated to encouraging a love of reading and to also commemorate the Birthday of Dr. Seuss. Throughout the week, students engaged in numerous Seuss book themed activities, and on Friday, we had a several guest readers visit our classes. We would like to thank Ms. Petruziello for her magnificent Dr. Seuss displays and her work to showcase the Seuss themed poems of our second grade students. It was a wonderful week of celebrating the joy of becoming a lifelong reader.

Thank you to all of our readers and the hard work of our GES teachers and staff in making this day a success. The students enjoyed listening to stories, learning about new books, and seeing all involved share their love of reading.

Garfield Middle School

Seventh grade students in Ms. Lanza's class recently read "The Giver" in ELA classes, a book about a seemingly Utopian society. Students learned about other Utopian societies and researched reasons why these societies flourished or failed, and focused on how a theme develops over a text using the guiding question "does the pursuit of equality hinder individualism?" Students then created their own Utopian middle schools that had fair rules and consequences, specialized themes and logistics, and core values. They then created websites for their Utopian schools. Ms. Lanza really enjoyed learning how to create a website with them and they embraced the growth mindset together!
