## Beachmont

This week, our afterschool newcomer program for English learners held its end of the year celebration. Students presented their research on different countries around the world. Their multimedia PowerPoint presentations were rich and informative. The amount of language they have acquired in a year is truly phenomenal. This is due to the tremendous work of our ESL staff – Ms. Cassidy, Pollock, and Gallogly who go above and beyond every day to ensure our students develop the language skills they need to be successful in school and in life.

## Garfield

Students in Grades K-5 at GES shared their hard work and talents while performing during our annual Spring Concert last week. A special thank you to Siobhan Keplin, our music teacher, for her dedication and direction in making this show a success. We had a great turnout from parent and families who were supporting their children and our school community. This week we will celebrate Flag Day (June 14) on Friday, June 15, by dressing in red, white, and blue. Students can make a \$1 donation to be out of uniform for the day, and all proceeds raised will support field trips for our students. Next week students will be participating in field days, which is one of the most fun days of the year, during which students will be making memories that they will carry throughout their lives.

## Garfield Middle School

Students enrolled in Environmental Sustainability participated in our third annual GMS Beautification Project with the generous help of the Revere Beautification Committee. Mayor Arrigo and the DPW, as well as our Superintendent Dr. Kelly, came by throughout the day to show their support. Thank you to Carl Svendsen and to the GMS Custodial staff that led the students in separate activities during the day. A special thank you to Joni Brown and Daniela Nowicki from RBC for donating their time and also a thank you to local councilor Ira Novoselsky. The scope of work including planting of flowers at the entrance as well as the courtyard beds, laying fresh mulch, painting benches and the large black fence at the parent drop off also got a makeover!

## Hill

It is an incredibly busy week at The Hill School with many exciting events scheduled. On Tuesday, PWC presented information regarding Financial Literacy and Recycling to all our 4<sup>th</sup> graders through a variety of engaging activities. On Wednesday, our 4<sup>th</sup> graders also took part in a presentation by meteorologist Cindy Fitzgibbons from WCVB channel 5 news. Wednesday is also our 1<sup>st</sup> Hill School Talent Show from 4:00-5:30 in the cafeteria. There are several amazing acts slated to perform to a sellout crowd. We will finish off our week with the annual Spring Concerts on Friday with performances scheduled for 9:30 and 2:00 in the cafeteria.

## Lincoln

On Tuesday, the Revere Fire Department held their annual fire safety program for our kindergarten students. Our kids learned about what to do in the event of an emergency, who to call, and the best steps to take prior to the arrival of first responders. Additionally, the Lincoln students got to check out a fire engine! Special thanks to the RFD for coming to our school for the presentation.

## Paul Revere

Last week The Paul Revere House came to each third grade class to do an interactive “play” depicting the day and evening of April 18, 1775. The

children all played a role as Paul Revere’s family and the other important people on the night of his famous midnight ride. They wore costumes and spoke in Olde English which enhanced their understanding of the important event in not only Massachusetts history but our country’s as well. Thank you to our third grade teachers for continuing this great partnership year after year. On Tuesday, our 3<sup>rd</sup> through 5<sup>th</sup> grade students were invited to an informative presentation by Chelsea-based *Olivia’s Organics*. Students learned how lettuce grows and how this company ships its products so that consumers can buy fresh, organic greens. Thank you for Mrs. Collins for building this partnership with a local business.

## Revere High School

On Thursday, June 7<sup>th</sup>, 460 students graduated from Revere High school. This will go down in history as one of the largest classes our school has ever graduated with so many outstanding young men and young women leaving us to pursue their post-secondary studies or enter the real world. The festive atmosphere created at the stadium with countless parents, families, and relatives witnessing history in the making for their graduating children was breathtaking and emotionally hard to describe. We are grateful to our teachers and parents for preparing these graduates for the future. We wish these students best of luck in all their future endeavors and congratulate them, once again, for their fantastic achievement

## Rumney Marsh Academy

The RMA would like to thank Beth DiNolo, Kyle West, The RMA PBIS Team, and all staff members who helped organize our Flag Football Tournament for our kids. This event served as an opportunity to reward students for their outstanding citizenship and academic performance over the course of this school year. RMA students were able to put their Rumney Bucks to good use at this great school spirit event! Great job everyone!

## Seacoast

SeaCoast is proud to announce that we will be celebrating our yearly “SeaCoast Awards Ceremony” on Friday June 22, at 12:30 in the Beachmont Auditorium. Students will be rewarded for their academic achievement by their teachers and we will be presenting our Faculty Award Scholarships to our deserving seniors. All parents, guardians, families, friends, and community members are invited to attend.

## Susan B. Anthony

This has been a busy and exciting week for SBA. On, Monday, our 8<sup>th</sup> graders went on field trips—8Blue headed to Blue Hills Reservation in Milton, MA for a day of hiking and team building activities while our 8Red Team headed to TownLine Bowling for some friendly competition then back to SBA for a fun afternoon with friends. On Tuesday, 21 8<sup>th</sup> graders, the top 10% of the 8<sup>th</sup> grade class academically, were inducted in the ASPIRERS Club. This is the highest academic honor that you can achieve as a middle school student, and seventh grader Sophia Perno competed in Washington D.C. at the National History Day Competition! #sbapride

## Whelan

Last week, on Friday we finished our week with K-4 concerts under the guidance of Mr. Lance MacDonald. Whelan kicked off this week with the Revere Police Honor Guard and Trooper Dan Clark in celebration of Flag Day! Our 2<sup>nd</sup> graders were very excited to welcome families in this week for their Author Festival on Tuesday! Students shared their favorite writing piece with over 150 parent visitors. Our Kindergarteners invited an important man in their lives to share in our first Kindergarten Father Day event! Students were so excited to share time with so many dads, grandfathers and uncles with field challenge activities!
